

417 BSB HOUSING DIVISION PROJECTS:

Building 117 completed on November 2004 under the Whole Neighborhood Revitalization (WNR) program. The program was initiative to revitalize both the housing unit and the entire living environment of the military family. The projects recommended for this program are based on life-cycle economic analyses and will provide units which meet adequacy standards.

The benefit of the WNR program provides an increase of open kitchens space and living/dining room area, modern bathroom, bedrooms with bigger closets, and laundry area in their own quarters.
